SuperCamping

How to Use the Super Camping Guide

The Super Camping guide is designed to assist the RV traveller with his or her camping vacation in British Columbia. It features listings of private campgrounds that are members of the BC Lodging and Campgrounds Association and are “Approved Accommodation”; National Parks campgrounds; RV dealers who offer services and supplies; and RV rental companies.

Ksan Historical Village - Tourism BC/Tom Ryan

The guide is divided into the six tourism regions of British Columbia and includes road maps to help you with your travel plans. Select your camping destination from these maps or a BC road map and refer to the index, arranged alphabetically on page 48 of the guide, for the page number of the listings you require. RV dealers and rental companies are listed on page 47.

WINTER LISTINGS – See page 45 for winter camping listings. These campgrounds, open year round, offer campsites for rent usually on a weekly and monthly basis for people looking to winter in the milder climate of British Columbia.

Handy symbols provide specific information on facilities found at, or immediately adjacent to, each campground or RV dealer /renter. A complete list of symbols is provided on page 3. This year we have added two new symbols: “Family Reunions” and “Kids Programs”.

Campgrounds offering sani-dump facilities to drop-in RVers are listed at the end of each tourism region.

Private Campgrounds/ RV Parks Info

Super Camping features 2009 rates for private campgrounds. In rare cases where they were unavailable, 2008 rates have been substituted. Rates may or may not include the 5% GST and are subject to change. Generally, printed rates represent low season to high season. Rates printed are not necessarily available at all times. When making a reservation directly with a private campground it is recommended that you ask for the facility’s cancellation and refund policy.

National Parks Camping Information

National parks protect outstanding examples of Canada’s natural environment. British Columbia is home to seven national parks each with their own distinct characteristics. Camping is a great way to experience these national treasures. To receive your FREE trip planner for national parks in British Columbia, call toll free 1-888-773-8888 and it will be mailed directly to your home. Reserve your campsite in advance to ensure your experience in one of Canada’s national parks is guaranteed!

Visit the reservation website for a list of participating campgrounds. www.pccamping.ca (note: Prior Centennial Campground will continue to be reserved through Discover Camping at 1-800-689-9025).

Planning to visit several national parks this year? The National Parks of Canada Pass gives you unlimited entry to 27 national parks. The pass is available at participating national parks and through Tourism Vancouver Info Centres and the Tourism Victoria Visitor Centre.

For information on national pass sales, entry fees, activities, facilities and programming visit www.pc.gc.ca.

BC Parks General Information

Provincial parks are not listed in Super Camping they are listed in the Go Camping BC guide, see ad on page 5 for more information. Alternatively for current information on camping at provincial parks, visit their web site at: www.env.gov.bc.ca/bcparks or for reservations visit www.discovercamping.ca or call Discover Camping at 1-800-689-9025.

Big Rig Friendly

Listings that include Big Rig Friendly have five or more sites that are a minimum 24 feet wide by 60 feet long, offer 14 feet overhead clearance and have 50-amp service.

Approved Accommodation

Throughout BC, an Approved Accommodation sign is awarded to tourist accommodations that have been inspected and have met Tourism British Columbia’s standards of courtesy, comfort and cleanliness for the current or previous year. Accommodation establishments may display the white “Approved Accommodation” sign. A campground that is new and has not yet been inspected is noted as “PROVISIONAL–NEW CAMPGROUND” in the listing. A campground that is upgrading and has asked to be inspected is noted as “PROVISIONAL–APPROVED ACCOMMODATION PENDING” in the listing. Complaints about accommodation facilities should first be discussed with the manager of the establishment and, if not resolved, be directed to the Tourism Product Manager, Tourism British Columbia, PO Box 9830, Stn Prov Govt, Victoria, BC V8W 9W5.

CAMPING SELECT

Camping Select Recommended

The Camping Select Five Star Campground Rating Program will help you select a property that best suits your preference.

Introduced in British Columbia in 2002, the Camping Select program is based on a two-tier system, reflecting separate Facility and Activities scores. Rated campgrounds display a listing such as this example:

CAMPING SELECT Fac. ★★ ★★ Rec. ★

The Facility rating appears first and then the Recreation rating.

What the Star Rating Means:

- ★ If you are seeking clean comfortable campgrounds without the extras, one star ratings are what you might be looking for.
- ★★ Two and three star campgrounds offer a greater range of campground facilities or activities with various services and amenities.
- ★★★
- ★★★★ If you want campgrounds offering the greatest range of services, amenities, activities or facilities, four and five star campgrounds are more appropriate.
- ★★★★★

In general, the more stars, the greater range of facilities, services, activities, amenities, and the higher the quality of facilities.

Definition of Abbreviation

CP = Cancellation Policy

Add'l = Rate for an additional person

Listing Enhancements

Campground operators have the opportunity to “enhance” their listings with the use of colour or a screened box. These enhancements do not reflect any special rating or quality of the establishment. They are advertising preferences.

Explanation of Symbols

-  • Total Campsites

CAMPING SELECT

Properties listed in the Super Camping BC Guide and displaying the Camping Select Ratings have voluntarily been inspected by Tourism British Columbia and attained a star rating.

The Camping Select Program helps you select a campground that best suits your preferences while camping in British Columbia.

The Camping Select Program is based on a two-tier system, reflecting separate facility and recreation scores. Higher star levels are achieved as facilities, services, quality, amenities, recreational activities and services increase.

Travel Tips

Border Crossings/ Canada Customs

Entry into Canada from the US: Passports are required for all travel by air between the US and Canada. By road, until June 1 2009, U.S. citizens must show photographic identification (driver's licence) and proof of citizenship (birth certificate) or passport. As of June 1, 2009, a passport or other approved secure travel document is required for all travel between the US and Canada. For updates, visit the US Department of State's website at www.travel.state.gov.

Visitors from all other countries must be in possession of a valid passport and may also require a visa.

Visitors to British Columbia are entitled to bring in a reasonable number of personal effects and a four-day supply of food. Visitors aged 19 years or over may import up to 50 cigars, 200 cigarettes, 200g (8 oz) of tobacco, 1.14 L (40 oz) of spirits or 1.5 L (51 oz) of wine or 8.5 L (288 oz) of beer or ale for personal consumption.

Sporting equipment (e.g., fishing tackle, boats, outboard motors, camping gear, golf clubs) as well as tape recorders, stereos, cameras, etc., to be used by the visitor while in Canada should be declared when entering the country and exported when the traveller leaves Canada, or duty paid.

For more information on customs regulations call the Canada Border Services Agency at 1-800-461-9999 within Canada and 204-983-3500 outside Canada or visit www.cbsa-asfc.gc.ca.

Automobiles/Recreational Vehicles

During your visit in Canada, you can temporarily import passenger and recreational vehicles, such as snowmobiles, outboard motors, boats, trailers and most other kinds of vehicles for your personal use.

If you plan to leave your vehicle in Canada, check with the Canada Border Services Agency. A U.S. citizen's possessions may not be used by Canadian residents unless duty and taxes have been paid.

Drivers' licenses from any U.S. state or from other countries, and international drivers' licenses, are valid in Canada and can be used in British Columbia for up to six months.

A special permit (E-99) from the Canada Border Services Agency is available if you plan to leave your recreational vehicle in Canada for a season. The posted permit must be clearly visible from outside the vehicle. RVs cannot be stored in Canada during the off-season.

Kootenay Rockies - Tourism BC/David Gluns

Towing an RV of less than 4,600 kg

Most recreational trailers weigh less than 4,600 kg, and thus may be driven by a driver with a Class 5 or 7 passenger car driver's license. An air brake endorsement is required if either the truck or trailer has air brakes. For driver licensing purposes, trailer weight means its actual on-road weight at the time it is being towed. For example, you may have an RV trailer that weighs 4,000 kg when empty. You may tow it empty with a Class 5 or 7 driver's license. However, when equipped with furniture and stored water, food and other items, the weight can be considerably more. A Class 5 or 7 driver's license may not be sufficient to tow the loaded trailer.

Towing an RV of more than 4,600 kg

If you want to tow an RV that weighs more than 4,600 kg and neither the recreational trailer nor your truck has air brakes, you need:

- a Class 1, 2 or 3 driver's license, or
- a Class 4 or 5 driver's license with a heavy trailer endorsement (code 20), or
- a Class 4 or 5 driver's license with a house trailer endorsement (code 51).

For more information check the Insurance Corporation of BC (ICBC) website at www.icbc.com/licensing.

Sewage Disposal

Sani-stations are found at various locations throughout the province, including campgrounds, some gas stations and RV dealerships. For a list of places to dump go to www.sanidumps.com. Visitors are asked to respect the environment by disposing of grey water and sewage in the proper fashion.

A list of campgrounds offering sani-dump facilities to drive-by RVers is located at the end of each tourism region. Location, open times and costs are included.

Automobile Accidents

If you are involved in an accident, immediately contact the local police or Royal Canadian Mounted Police (RCMP), then your insurance company.

Seat Belts

B.C. law requires that all drivers and passengers use seat belts while driving or riding in a motor vehicle. Strict regulations are in place for children. Booster seats are mandatory for all children at least 40 lbs until they are 4'9" tall or age nine. Children over one year old and between 20-40 lbs must be secured in a child seat, regardless of who is driving the vehicle; and infant seats must be used until the baby is at least one year of age and 20 lbs. The seat must also be rear facing and not placed in front of an active frontal airbag.

Ferries

For information on ferry schedules, rates and vehicle reservations call BC Ferries toll-free at 1-888-223-3779 from within B.C.; 250-386-3431 from out of province or visit www.bcferries.com.

Goods and Services Tax (GST)

The federal GST of 5% is applicable to most purchased goods and services. For more information call 604-691-4308 or 902-426-5150.

Emergency 911

In emergency situations, contact the local police, ambulance service, fire department and other emergency services by calling 911.

Visitors taking prescribed medications should bring a copy of their prescriptions in case they need to be renewed or tended to by a doctor in Canada.

Tourist Alert

The Royal Canadian Mounted Police (RCMP) is frequently asked to communicate urgent messages to people on vacation. If you see your name listed in newspapers, at information centres or hear it on the radio or TV, please contact the numbers given.

Big Horn Sheep - Tourism BC

Campfires

The smoke from campfires pollutes our environment; limit your use of campfires to cooking and warmth. Use only fallen logs or purchase wood from the campground, and observe local burning regulations. Do not leave a campfire unattended.

Forest Fires

If you spot a forest fire while travelling in British Columbia, call the B.C. Forest Service toll-free at 1-800-663-5555, or *5555 on your cell phone.

Fishing

Separate licenses are required for saltwater and freshwater fishing. The Federal Department of Fisheries and Oceans issue saltwater licenses; the provincial Ministry of Environment issues freshwater licenses. Both types of licenses can be purchased at sporting goods stores and other retailers, as well as most Government Agents' offices. A specific license is required in National Parks and can be purchased at the Park Headquarters at each park site. For more information go to www.gofishbc.com or see the BC Fishing Resorts and Outfitters Association ad on this page with information on how to obtain your free Fishing Guide.

Vancouver Island & the Gulf Islands

Vancouver Island and the Gulf Islands on the Pacific Ocean are wonderful places to get away from it all. Tucked against the mainland edge of British Columbia and the north shore of Washington's Olympic Peninsula. Vancouver Island stretches approximately 500 km (300 miles) southeast to northwest. British Columbia's Gulf Islands lie in the protected waters of Georgia Strait, between Vancouver Island and the mainland of British Columbia.

South Island

Home to Victoria, the provincial capital, a city of flowers and elegant sophistication, heritage buildings and fine cuisine. The smaller communities, such as Sidney, a small resort town with beautiful marinas and ocean views, and Sooke, a bustling centre with great fishing await you. Follow the West Coast Road (Hwy 14), which leads the way to the rugged splendour of West Coast beaches, as well as hiking challenges of the Juan De Fuca Marine Trail.

Cowichan Region

Rolling green landscapes of hills and valleys, forests and farmland, sparkling lakes and crystal-clear rivers characterize this lush region that extends from the Malahat section of Highway 1 in the south to Ladysmith in the north. Picturesque villages and native culture as well as the world-famous murals in Chemainus all beckon you.

Pacific Rim

Renowned for pristine beaches, whale watching, wilderness camping and hiking, incredible fishing, and awesome winter storms. From crashing waves and the surf swept shore of Long Beach to the dense, old growth forests of Clayoquot Sound, this amazing region astounds and delights visitors every year. People flock to the quaint seaside towns of Tofino and Ucluelet, while others come to experience the West Coast Trail.

North Central Island

Encompassing large portions of both the east and west coasts of Vancouver Island, the region offers a unique blend of alpine-to-ocean experiences, from the high-alpine recreation areas of Mt. Washington and Forbidden Plateau to the many sandy beaches along its shores. Fishing, diving, boating, and caving are all popular activities.

North Island

A year-round outdoor adventure paradise, the rugged North Island region offers a wealth of recreation opportunities and is famous for its worldwide great fishing in spectacular settings. Teeming with wildlife, the North Island provides rewarding opportunities for nature enthusiasts and photographers.

Gulf Islands

Nestled along the sheltered eastern coastline of Vancouver Island, the Gulf Islands are known for their serenity, pristine beauty, and mild climate. Each of the Islands is unique in character yet shares a relaxed lifestyle cherished by locals and admired by visitors.

Island Highway Nanaimo to Port Hardy Tour

On the eastern coast of Vancouver Island the traveller can explore the quaint seaside communities in the southern-most part of this tour, the fishing villages along the way and the remote scenery heading into Port Hardy. The distance from Nanaimo to Port Hardy is 427 km (268 mi) and unless you are taking the ferry north to Prince Rupert or Bella Coola you must turn around and retrace your steps. The tour starts in the busy port city of Nanaimo.

Pacific Marine Circle Tour

The Pacific Marine Circle Tour is a short 255 km (158 mi) two to four day journey along Vancouver Island's southern-most remote coast offering beautiful views of the Juan De Fuca, Haro and Georgia straits. The quiet ambience of the island relaxes visitors with views of magnificent parks and ocean-side towns. The tour begins in British Columbia's capital, Victoria.

When it comes to wetlands, we're in deep.

Pond dipping in the great outdoors is one of our favourite pastimes.

And it's thanks to Canada's wetlands. Wetlands are not only great outdoor playgrounds, but also naturally filter our water and reduce the impacts of global warming. We support Ducks because we're passionate about wetlands.

You can help. For as little as \$39, you can ensure wetlands remain a part of your life.

Get involved.

Vancouver, Coast & Mountains

Vancouver, Coast & Mountains offers a diverse range of world class cultural, recreational, natural and wildlife attractions year-round. From internationally acclaimed entertainment and attractions in Metro Vancouver, cycling, hiking or boating on the Sunshine Coast, driving through Sea to Sky Country with its scenes of glacier carved peaks and waterfalls on the way to Whistler Resort or enjoying the rich history and thrilling adventure of the Mighty Fraser Country.

Metro Vancouver

Greater Vancouver is truly a year-round paradise for outdoor enthusiasts. Where mountains meet the sky and lush, plentiful parkland and ocean beaches await you. There are more than 150 galleries, museums, theatres and clubs and over 25 cuisines offered in numerous restaurants, bistros and cafes. You can ski, golf and go sailing all in one day and catch an opera or musical by night.

Coast Mountain Circle Tour

Traversing the mountains, forests and canyons of the Coast Mountain Circle Tour provides an awe-inspiring trip showcasing some of British Columbia's natural attributes that make the province a world-renowned place of wilderness beauty. Visitors can enjoy guided educational and historical trips, search out unique arts and cultural events and visit the many communities enroute each offering a variety of experiences.

The Coast Mountain Circle Tour provides any visitor to British Columbia a truly remarkable vacation opportunity covering 568 km (341 mi). The tour takes three to five days or more if you desire, and winds through misty coastal mountains and into the province's rain shadow and dry highland plateau. It takes you through historic Gold Rush Country following the path of the gold seekers down the Thompson and the raging Fraser Rivers.

Mighty Fraser Country

East from Metro Vancouver is Mighty Fraser Country through which runs the Fraser River, one of the world's greatest salmon-producing river systems. This area offers farming experiences, wineries to explore and great fishing opportunities. The Fraser Canyon affords the visitor outstanding views and rock formations as the river cuts through the Coast Mountains. The Fraser is the focus for the area's economy, transportation and culture. Following the First Nations people, it became the Cariboo Wagon Trail, onto the Gold Rush Trail and finally the route for both the Canadian National and Canadian Pacific railways.

Sea to Sky Country

Northeast of Metro Vancouver is Sea to Sky Country and the famous resort area of Whistler, home to many of the events for the 2010 Winter Olympic Games. Whistler is a skier's dream! The drive to Whistler on Highway 99 along Howe Sound offers stunning vistas of towering rock faces that plunge into the sea, mountains of glimmering ice, sparkling lakes and immense natural forests.

Sunshine Coast

Heading northwest by ferry from Metro Vancouver (Horseshoe Bay) to Langdale, visitors can follow over hundreds of miles of rugged coastline from Metro Vancouver on up the Sunshine Coast to Desolation Sound. The stunning scenery of secluded beaches, bays and fjords, lush forests of red cedar and Douglas fir does not disappoint nor does the exceptional fishing, including five species of salmon, and scuba diving. Named for its 2,400 hours of annual sunshine the lifestyle here is relaxed and is home to internationally known artists, musicians and artisans.

Thompson Okanagan

The Thompson Okanagan truly has everything needed in a British Columbian paradise. Warm, sunny valleys, narrow lakes with sandy beaches and lush, fruit laden orchards make it a vacation hot spot. People come to relax by the water, golf championship courses and sip regional wines. When boating, water-skiing and swimming are not in season, the region's mountains become some of the province's best snow-sport resorts. There are also museums and historic sites and arts and entertainment plus numerous craft shops and galleries dotted throughout the region. With so much to offer, you can be sure of a vacation that is either adventurous or relaxed - but never boring!

Paradise Found

The Okanagan and Similkameen valleys lie to the south of the Thompson Okanagan, boasting more than 2,000 hours of sunshine a year and one of the mildest climates in Canada. The valley produces bountiful crops of fruit and features more than 40 wineries. Visit in springtime when the orchards are full of sweet blossoms and explore Canada's only desert at the Desert Centre in Osoyoos.

Outdoor Adventure

With more than 600 lakes and streams, the Thompson Okanagan is a fisher's paradise. The Nicola and Thompson Rivers are favourite haunts for steelhead trout. In the fall watch the drama of nature unfold in the Adams River as the spawning run of the sockeye salmon heads to the creek of its birth. This region is also a water recreation paradise – from the Shuswap in the central part of the region offering over 1,000 km of navigable shoreline to Christina and Osoyoos lakes in the south boasting the warmest swimming in Canada. Water-ski, windsurf, sail or swim. Bike riders should experience the soft grade of the Kettle Valley Railway. There's also canoeing, kayaking, whitewater rafting, horseback adventures, rock climbing and backcountry or heli-hiking for those who enjoy outdoor adventure. And, if you enjoy golf, there are over 50 golf courses spread throughout the region.

Natural Wonders

Mount Robson, the highest peak in the Canadian Rockies can be found here and Wells Gray Provincial Park in the northern part of the region offers spectacular scenery and outdoor recreation. Wildlife is plentiful – watch for bighorn sheep, mountain goats and black bear as well as ospreys, kestrels and bald eagles.

Valley Vineyard Route

To experience some of the very best BC Okanagan wines, travel the Valley Vineyards Route from Osoyoos to Armstrong. Connoisseurs from around the world visit this famous British Columbia wine region to taste its celebrated, award-winning wines. As you travel this route you will also be wowed by the Okanagan Valley's breathtaking scenery and be able to sample the abundance of local-grown fruits.

The Valley Vineyard Route is 185 km (115 mi) on Highway 97 and can take between two and seven days, depending on the number of vineyards and other attractions you visit. The entire Okanagan Valley is home to over forty wineries, from the small, farm gate wineries to those internationally renowned. Just follow the wine route signs and you're bound to find exactly what you're looking for. Each winery offers a unique product, often accompanied by a tour of the vineyard, homegrown food, fine wine and alluring countryside.

Kootenay Rockies

Highways carved through snow-mantled mountains, sparkling, crystal-clear lakes dot the landscape along with fertile farmlands, rolling ranchlands and deep, lush mountainous valleys. Famous for its incredible ski resorts, championship golf, natural hot springs and abundant wildlife. History plays an important part in the Kootenay Rockies – Fort Steele Heritage Town, Canadian Museum of Rail Travel in Cranbrook, the Sandon ghost town and the city of Nelson are just some of the many communities and sites to visit.

Natural Wonders

Yoho National Park in the east of the British Columbia Rockies is sprinkled with waterfalls and glacial lakes. You will feel awe as you gaze up at Takakkaw Falls or at a dozen snowy peaks as you paddle Emerald Lake. Just west of Yoho National Park is Golden, a gateway to vast wilderness where naturalists converge on a vantage point for wildlife viewing and bird-watching. Explore Glacier and Mount Revelstoke National Parks and take in a tour of the mighty Revelstoke or Mica dams. The Kootenay Rockies is home to many natural hot springs. Relax in these therapeutic waters while enjoying the mountain scenery.

Outdoor Adventure

Fishing abounds in the Kootenay Rockies. Fish for rainbow, brook, lake and cutthroat trout, some of the six million born and raised each year at the Kootenay Trout Hatchery. Numerous lakes, rivers and streams support healthy populations of largemouth bass, kokanee and whitefish. Golfers can choose from over 17 championship 18-hole golf courses and numerous unique and

challenging nine-hole courses. Hiking is also popular with Kokanee Glacier and Valhalla Provincial Parks providing spectacular mountain scenery, alpine meadows, glaciers and miles of superb trail systems. Kootenay Rockies is also home to caving – marvel at stalactites, stalagmites, rim stone dams and other fascinating cave formations at Cody Caves Provincial Park. Go whitewater rafting, cycling, heli-hiking, kayaking, hang gliding or paragliding.

Hot Springs Circle Tour

What better way to experience the British Columbia Kootenay Rockies Region than from the relaxing vantage point of an all-natural hot spring pool? Around the world, hot mineral springs are considered to have magical healing qualities. Visit Radium Hot Springs, Fairmont Hot Springs, Ainsworth Hot Springs, Canyon Hot Springs, Halcyon Hot Springs, Nakusp Hot Springs and Lussier Hot Springs.

Along the Hot Springs Circle Tour route the traveller can experience the heritage and culture of the Kootenay Rockies in places such as Fort Steele, Kimberley, Nelson, Nakusp, New Denver and the ghost town of Sandon. There are spectacular views, woodland walks, hanging glaciers, hidden hot springs, sparkling lakes and outstanding resorts.

The Hot Springs Circle Tour is approximately 1,100 km (640 mi) and usually takes between five and seven days.

Cariboo Chilcotin Coast

Be a part of the Gold Rush Days and come camping in the Cariboo Chilcotin Coast. With more than 100,000 square kilometers of land stretching from the foothills of the Cariboo Mountains in the east to the Pacific Ocean in the west, this is a land of lakes, rivers and forests.

The Fishing Highway Route

Known as The Fishing Highway, the Interlakes Highway 24 in the Cariboo region of British Columbia accesses a tranquil and beautiful area of rolling hills and pine forests boasting approximately 125 lakes teeming with rainbow trout, lake trout and kokanee. Even if fishing is not your sport, the drive itself is well worth taking for the scenery alone. In addition to fishing, other activities in the area include horseback riding, wildlife viewing, hiking, and in winter, snowmobiling.

Chilcotin Freedom Highway Route

The backbone of the Chilcotin region is Highway 20, which traverses 456 km (274 mi) from Williams Lake to Bella Coola, linking the Central Coast with the Central Interior as it crosses the Coast Mountains and the Chilcotin Plateau including Tweedsmuir Provincial Park and Farwell Canyon. Highway 20, also known as the Chilcotin Freedom Highway is well worth taking two or three days to drive. Approximately 400 km (240 mi) are paved and the remaining 57 km (34.2 mi) consist of well-maintained gravel. It is recommended that travellers use a detailed backcountry map for off-highway 20 travel.

Cariboo

The Cariboo was a land born of dreams... dreams of discovery, yellow dust and instant riches. In 1862, Billy Barker found gold on Williams Creek, a discovery that started a rush of adventurers from around the world. The rush for gold soon waned, but not the trek of discovery into the Cariboo. People from all over the world still follow the footsteps of the expeditions that went before. Interesting museums and roadhouses still stand where stagecoaches once came to rest and Barkerville is home to over 40 restored 1870's buildings.

Chilcotin

Accessed by road on the Freedom Highway (Highway 20) or by sea from Bella Coola, the Chilcotin is a land of dramatic scenery, rugged landscapes and thick forests. Here Mount Waddington rises 4,016 meters. The jagged mountain peaks of the Chilcotin are covered in vast ice fields and wide alpine meadows, gradually softening into large valleys, rolling foothills, pine covered forests, lakes and rivers and the grasslands of the Chilcotin Plateau. Along the way discover some of the best fishing lakes and rivers to be found in North America. The traveller will experience rolling semi-desert terrain, exquisite canyons, to flat grasslands, cross over rivers and past lakes through rocky mountains and old growth forest to the ocean inlets of the central coast.

Central Coast

Once you reach the central coast you are met with 15,000 kilometers of awe-inspiring coastline scattered with coves and inlets, pristine beaches and rocky shores. Here is some of the world's best saltwater fishing and wildlife viewing of sea birds, whales and porpoises. Getting there is an adventure, access is by road on the Freedom Highway (Highway 20) or by sea (BC Ferries) to Bella Coola. By road your travels take you through the Cariboo and Chilcotin areas to the central coast.

BRITISH COLUMBIA'S
GOLD RUSH TOWN

GRANDELL STUDIO PHOTO

Northern British Columbia

Northern British Columbia stretches from awesome Mount Robson in the east to the Queen Charlottes in the west and north to the Yukon border. The area's rivers and streams run with record-sized salmon and steelhead. Here is an abundance of wildlife – some very rare including the “white” black bear, the Kermodei and the stone ram. This is also the land of great scenery, totem poles, heritage towns and villages.

Trace the history of the settlers from the Klondike Gold Rush days in museums at Hudson's Hope, Chetwynd, Mackenzie, Fort Nelson, Dawson Creek and Fort St. John. Don't miss one of the world's largest hydroelectric projects – the W.A.C. Bennett Dam, or the world's largest tree crusher in Mackenzie.

The Great Northern Circle Tour

This spectacular road odyssey in Northern British Columbia takes you through untamed wilderness and stunning mountain ranges unique to this immense region. Plan for eight to fourteen days of adventure, as you drive on the Yellowhead Highway 16 – Northern British Columbia's east-west corridor, north on the Stewart Cassiar Highway 37 – which cuts through the scenically stunning Coast Mountains, and finally south on the legendary Alaska Highway 97 – with its historic towns surrounded by dramatic landscape. The 1,800 km (1,080 mi) trip is full of wildlife, mountain scenery, and heritage sites.

Start the tour in Prince George, aptly called the “Capital of Northern British Columbia”. This vibrant city offers year-round outdoor recreation and is home to over 120 parks.

Yellowhead Highway 16

Across the southern portion of the region stretches the Yellowhead Highway 16, a route that promises an adventure-filled journey. Visit Prince George, British Columbia's “northern capital”. View an outstanding collection of artifacts tracing 10,000 years of coastal history at the Museum of Northern BC in Prince Rupert and stop in at some of the many heritage villages, museums and works of local artists and artisans along the highway.

Stewart Alaska Route 37

Travel the scenic Stewart-Cassiar Highway. Take a boat tour in Stewart on a fjord that borders Alaska. See totem poles over 100 years old in Kitwancool and nearby Gitwanga Reserve, just north of Kitwanga. In Ksan Village, six long-houses decorated with carved poles and painted fronts are a living museum to the long-lived Gitksan culture.

Alaska Highway 97

This 2,400 kilometer road winds through wild, dramatic terrain starting at Mile 0 in Dawson Creek and ending in Alaska. Hudson's Hope houses the remains of a 200 million-year-old ichthyosaur plus a prehistoric bison skull and other artifacts.

Northern BC - JF Bergeron/Enviro Foto

Winter Camping

Winter RVing in British Columbia has grown dramatically in recent years, weekly or monthly rates are far lower than the high season, parks are quieter, and it's predominately an adult environment in most year round parks. Many parks have a clubhouse where Snowbirds can mingle for potluck suppers or other events, as well as walking trails for onsite recreation.

VOYAGES OF DISCOVERY

Northern Vancouver Island is the gateway to a number of spectacular coastal experiences. Follow Hwy 19 north to Port Hardy to embark on BC Ferries' world famous Northern Voyages.

DISCOVERY COAST PASSAGE

BC Ferries' Discovery Coast Passage takes travellers on an adventure through B.C.'s coastal islands to the mid-coast community of Bella Coola. The ferry departs from Port Hardy calling on the remote communities of McLoughlin Bay, Shearwater, Klemtu, Ocean Falls and Bella Coola. For those travelling by car or RV, The Freedom Highway (Highway 20) takes you from Bella Coola through the interior of British Columbia.

THE INSIDE PASSAGE

Drive aboard BC Ferries newest ferry the Northern Expedition at Port Hardy to begin the 15-hour day cruise through the quiet, island-dotted waters of the Inside Passage to Prince Rupert. Here, sightings of killer whales, and eagles soaring above the lush, evergreen islands are commonplace. When you disembark at Prince Rupert, you can linger for a few days, and then take the ferry back to Port Hardy. You can also continue your journey through northern B.C. by road via the scenic Yellowhead Hwy, or travel north to Alaska via the Alaska Marine Highway System.

QUEEN CHARLOTTE ISLANDS

Sail on BC Ferries Northern Adventure from Prince Rupert to Skidegate on the Queen Charlotte Islands. Paved roads lead you to the Islands' northern communities, as well as to Queen Charlotte City. There are camping facilities to suit every taste, and outdoors enthusiasts will enjoy hiking, beachcombing, kayaking and world-class fishing.

For more information or to book a reservation call BC Ferries: In Victoria or outside BC, (250) 386-3431; from anywhere else in BC, toll-free 1-888-BC FERRY (1-888-223-3779). Or visit our website at www.bcferries.com
